*All classes are geared toward all participants/fitness levels  
Instructors are happy to show modifications for any exercise!*

- GES: Group Exercise Studio**
- CS: Cycle Studio**
- FT: Functional Training Room**
- YG: Youth Gym**

Youth ages 9-12 may attend Group Exercise classes if accompanied by an adult.

## **DON'T FORGET!**

There's still time to sign up for the  
**2nd Annual Sprint Triathlon**

## CLASS DESCRIPTIONS

All of our classes are instructed using a variety of intensity modifications, making them suitable for both beginning and advanced participants.

**20/20/20 (water class):** This full-body workout typically consists of 20 minutes each of cardio, upper & lower body toning and core work in shallow water.

**Arthritis Water Class:** This class is designed for joint movement and mobility. Please see Member Service Desk for an application!

**Aqua Dance (water class):** A safe, effective and challenging workout with less impact on your joints! The water creates natural resistance to tone your muscles. Perfect for those looking to add a low-impact, high-energy aquatic exercise to their routine.

**Aqua Stretch (water class):** Stretching performed in shallow water focusing on strength and balance.

**Balance, Brain & Balls:** A fun-filled class using a variety of fitness balls and drills to enhance balance, agility and cognitive skills. Experience all the fun you remember from summer camp that will keep you coming back!

**Barre:** Barre combines Pilates, yoga and ballet moves to give you beautiful, sculpted, lean muscles. This unique program combines isometric exercises and orthopedic stretches.

**Cardio Intervals:** Quick bursts of high-intensity cardio to keep the heart rate up! This class combines cardio, endurance and balance training for an overall challenge. Modifications will be shown, but expect to be pushed hard!

**Cycle:** High-intensity, low-impact workout utilizing stationary bikes. Improve strength and cardiovascular conditioning while cycling to motivating music. Also try Spin Yogi or our Power cycle class!

**Dance Dance:** A fun, energizing fitness class incorporating music you love with easy to follow choreography. You'll hear new and current music along with some old favorites!

**Gentle Yoga:** A calming, stress relieving class to stretch and strengthen the body gradually. Suitable for all ages and levels. Join our yoga for EVERY body!

**Hard "CORE":** Did you know your "core" includes every muscle except your arms and legs? Join us for a class dedicated to these essential muscles with a functional, dynamic workout!

**Homeschool PE:** Appropriate for Kindergarten to 8th grade. Instructors teach sports and fitness, lead games and further develop agility and motor skills.

**Kids in Motion:** This class is designed for all ages & fitness levels! This adaptable class keeps kids engaged and moving!

**Modified HIIT:** This class modifies functional exercises you might see in our Tabata HIIT class! Learn essential functional movements and get a great workout! All ages and fitness levels welcome!

**MOVE:** This moderate intensity, full-body workout is a mixture of cardio and strength training. Build endurance and improve muscular strength with this energizing class!

**Parkinson's Classes (cycle/boxing):** Classes specifically tailored for people with Parkinson's disease. It has been medically proven to help reduce symptoms over time and is for all levels of Parkinson's patients. Free and open to members and non-members. Please visit the Member Service Desk for more information.

**POUND fusion:** This workout integrates cardio, conditioning and strength with light resistance and simulated drumming. This session also combines/fuses elements from cardio intervals for a full-body workout and overall challenge! Moderate to high-intensity.

**Power Cycle:** This shortened version of our cycle class includes the same high-intensity, low-impact workout guaranteed to give you the same burn! Efficiency, power and conditioning in one!

**Power Yoga:** This fitness-based yoga practice begins with basic postures then moves toward more challenging sequences to provide an energizing workout. Increase your strength, flexibility and concentration while cleansing the body and calming the mind.

**Preschool MOVE:** Appropriate for ages 3-5. The instructor will provide direction and feedback to improve skills with a focus on your child's individual ability. This class encourages fun exercises through games and even obstacle courses!

**RIP:** This pre-choreographed weighted bar routine will accomplish muscle fatigue with tons of muscle repetition to build strength and endurance. Participants will use a step, dumbbells, and a bar with a variety of weighted plates.

**Shred:** This class will combine the use of dumbbells and/or barbells with quick bursts of high-intensity cardio to sculpt and tone the entire body!

**Shred Step Fusion:** This fun and challenging class combines two of our most popular programs: Shred & Step! Come join this class for a total body workout.

**Spin Yogi:** This class incorporates cardio, strengthening and flexibility all in one! Combining our high energy cycle class followed by 10-15 minutes of Yoga/stretching. Thoroughly warm your muscles then relax and increase your flexibility off the bike.

**Stay Fit:** Total body workout appropriate for any fitness level. Classes are designed to increase muscular strength, joint stability, coordination and agility. Combines motivating music and incorporates a variety of equipment.

**Step Challenge:** Intermediate to advanced step combinations are featured in this cardio option for a fun and challenging class! Familiarity with step terminology and movements are recommended, but not required.

**Tabata HIIT:** High-intensity interval training involving short bursts of high (all out) intensity followed by a short period of rest. This routine uses minimal equipment, but expect lots of great changes with instructors switching up the class format often!

**Tai Chi/Adaptive Tai Chi:** Tai Chi movements promote spatial awareness, balance, concentration and focus. This class adapts the movements to fit the needs of participants, whether they engage the exercises for therapeutic, preventative or recreational reasons.

**TNT "Tighten & Tone":** This class will work to tighten and tone the entire body for a great workout that gives you the results you want! Expect mostly weights and some cardio. Stability ball, bands, weights...always changing to keep the body guessing!

**Vinyasa Yoga:** Designed to challenge you with a greater variety of poses and a faster moving sequence. Each movement is synchronized to a breath. Increase your physical and mental awareness with postures that blend strength, flexibility, balance and concentration.

**Water Fit:** Mid to high intensity aerobics performed through a combination of deep and shallow water exercise.

**Water Fit (High Intensity):** This advanced water class involves the use of water weights and is split between shallow and deep water.

**Yoga:** Learn and master slow, controlled movements that serve to increase blood flow, balance, flexibility, strength, relaxation and mind-body connection. Some flowing movements may also be used in this practice.

**Yogalates:** This high-intensity, low-impact workout combines both Pilates and Yoga. Develop your core strength and stabilization through Pilates poses. Improve flexibility, muscular strength, posture and alignment through Yoga, breathing and relaxation.

**\*\*Please Note\*\* All classes averaging less than six (6) participants per class are subject to change or cancellation**
