CLASS DESCRIPTIONS

Classes are instructed with a variety of modifications. They are suitable for beginning to advanced participants. We are each on a journey to get stronger & become balanced and flexible. If you have questions how to better improve yourself, ask a certified instructor before, during or after class!

Aqua Stretch (water class): Stretching performed in shallow water focusing on increased flexibility, strength and balance.

Aqua Dance (water class): High energy, low-impact water workout, creates natural resistance to tone the entire body. For a safe, effective workout, with low impact on joints, try Aqua Dance.

Balance and Mobility: Improve and maintain mobility. Focusing on balance, strength and moderate aerobic activities.

Barre: Low-impact strength routine using postures inspired by Ballet, Pilates and Yoga. The ballet barre is used for balance while focusing on isometric strength training combined with high reps of small range of motion movements.

Country Fit: Get energized & fit with weights, bands & variety of fitness strategies, including country line dancing! Healthy Country Fun! Tee-Head!

Cycle: High-intensity, low-impact workout, on stationary bikes. Improve strength and cardiovascular conditioning, paired with motivating music to keep you coming back!

Cycle + Core: Up your game with a heavy sweat cycle session and a variety of affective core exercises. Designed around two features- cycle (cardio) and core (for strength and power).

Dance Fit: Be ready to shake it, drop it with an all over body workout. Dancing to music and moves you love!

Gentle Water Fit: Low water aerobic exercises performed in shallow water. A safe place for all levels.

Home School P.E.:Appropriate for Kindergarten to 8th grade. Active games, circuit stations, obstacle courses, yoga, dancing, etc. A fun mixture designed to keep kids engaged and moving!

Kids in Motion: Appropriate for Kindergarten to 8th grade. Active games, circuit stations, obstacle courses, yoga, dancing, etc. Anything goes in this class to keep youth engaged and moving!

Lower Body Workout: A workout focusing on legs and glutes. Incorporating free weights and resistance bands to strengthen and tone those muscles. It's a great workout for people of all fitness levels.

Parkinson's: Helps improve coordination and motor skills. Movements that can increase agility, flexibility and balance. This class is free to members and non-members.

RIP: Barbell workout with functional strength training. Every plane of the body is addressed using weights and bodyweight. Safe, motivating, traditional exercises, allowing participants to work at their own level.

Rise and Grind: A fast paced blend of strength and cardio to get your day started off with a bang. Stop in anytime for a great workout!

Self Defense: Learn self-defense techniques through this total body workout. A FUSION of Karate and Boxing. Increase strength, improve coordination and relieve stress. Designed for all levels.

Shred: 45 intense minutes! A little something for everyone! The key ingredient in SHRED is motivation! Shred workouts involve low weights and higher reps with moderate cardio.

Shred and Tread- An intense blend of bodyweight land exercise and deep water training.

Spin: Cardio endurance, flexibility, combined, for high-intensity, low-impact cycling. Warm your muscles on the bike then and increase your flexibility off the bike!

Step Challenge: Intermediate to advanced step combinations are featured in this cardio routine for a fun and challenging class! Being familiar with step terminology and movements are recommended, but not required.

Strength and Sculpt: Weight based strengthening and toning through isometric holds and isolated movements.

Tabata Tuesday: High intensity interval training (HIIT) that involves 20 seconds of bursts of activity followed by 10 seconds of rest for 8 rounds.

Vinyasa Yoga: Designed to challenge you with a flowing, dynamic sequence of poses. Increase your physical and mental awareness while building strength, flexibility and endurance.

Warm Yoga: Practice yoga in a warm room to increase flexibility, for a thorough workout, allowing muscles to relax. The group exercise room will be heated to approximately 85 degrees.

Water Fit: Mid to high-intensity water aerobic exercises performed through a combination of deep and shallow water. A safe place for all levels.

Yoga: Learn and master slow, controlled movements that serve to increase blood flow, balance, flexibility, strength and mind-body connection. Classes focus on building a firm foundation to instill confidence in your practice.

Yoga Flow: Experience exercises for your mind, body, and soul. Class starts with a seated centering and is marked by a flowing style that links movement with breath.

Yoga Fusion: This low-impact yet high-intensity workout combines Pilates and Yoga. Further develop core strength and stabilization through Pilates. Improve your flexibility, muscular strength, posture alignment and relaxation through yoga.

Yoga with a Focus: This class is good for beginners or those who practice often. Focus on a "Pose of the Month". Each month students build skill and muscle memory in the selected pose, working on alignment, strength and length in the body. Added benefits are general well being and focus.
